Welcome

A warm welcome to our 2022 Annual Bull Sale.

A lot of water has passed under the bridge in many ways since our last Bull Sale. Not all good with Ukraine attack, interest rates moving upward, Covid reinventing itself and the like. But always better to look on the bright side right? So then the many positives.

On the family front we welcomed a healthy new baby grandson, Myles, in March (congratulations Bindi and Anthony), have the news of another bubby on the way for Ryan and Rachel due October (congratulations as well), and a nice career change for daughter Emma who headed back to the big smoke (miss you being around but congratulations too). Along the way Ryan and Rachel sold their Injune property and purchased a neighbouring block to Kensington, which has saved Ryan and Rachel lots of travel.

Then on an industry level, we have all no doubt experienced great cattle prices and general widespread rainfall. We ourselves have been immensely blessed with rainfall this year after a scary dry time in the second half of 2021. It is hard to remember now, but it was so dry that for the first time ever we were fully supporting breeders with feed, and were lucky enough to put stud cows on agistment. A huge thank you to the Staier family who host some of our precious stud cows and look after them with loving care and attention.

From our stud's point of view, as always we continue to strive to breed good functional bulls for your needs bearing in mind:

- Carcase qualities supported by EBV's and feedback performance
- Fertility based on real time calving intervals
- Structure for longevity
- Strength of breeding from sires and dams
- Sensible calving
- Quiet temperament

We look forward to seeing you at our Bull Sale and please stay for complimentary lunch in the renowned Ag-Grow Woolshed. If you are unable to attend, we will be operating under Auctions Plus again this year. Please also feel free to ring us to arrange on property inspections prior to the sale or to have a yarn about the genetics we have been using.

Jeff and Raelea, Ryan and Rachel Holzwart

Sale Information

Inspection:

Inspection of the bulls is most welcome prior to the sale by arrangement.

AuctionsPlus:

Again this year our sale will be on AuctionsPlus.

Refreshments:

We would like to take time to enjoy the sale and spend time with clients and friends, so please join us for complimentary morning tea prior to the sale and a free post-sale lunch, maybe even a beer or two.

COVID-19:

We are still holding a physical sale at the Ag-Grow complex. Social distancing is of course recommended, and any other protocols at that time will be implemented if required.

Supplementary Sheets:

All bulls will be scanned prior to the sale by certified scanning technician David Reid for eye muscle area (EMA), rump fat, rib fat and intra muscular fat (IMF). Bulls will also have a sale weight and scrotal size measurements which will all be printed on supplementary sheets and available on sale day or just prior to the sale on our website.

Health and Vaccinations:

Sale bulls are vaccinated with:

- 3 day
- 7-in-1
- 3 germ blood
- Vibrio

The bulls will be Dectomax injected ready for tick clearance.

Delivery:

Free freight available to Alpha and Rolleston, and bulls can be cleared at Emerald Saleyards if required. We are also happy to assist with delivery in the local area. Please talk to the agents, Jeff or Ryan for delivery assistance or leave instructions at the registration desk at the sale.

Guarantee:

We back our bulls 100% and are extremely tough on evaluations and making sure the bulls are structurally sound and fertile. All bulls will be semen tested, breeding soundness evaluated and are guaranteed breeders. If a problem occurs against the breeding ability of a bull within the first full breeding year of purchase, a replacement animal of comparable value or bull credit for the following sale will be given if required. Please contact us if you have any issues.

Biosecurity:

Bauhinia Park Studs are currently operating under a J-BAS 6 score. We are aware of the industry requirements and have a plan in place. We are willing to meet the needs of purchasers. A health declaration will be provided with the usual NVD on sale day.

Breedplan:

Our studs are Breedplan recorded, and EBV's are printed in the catalogue.

Disclaimer:

Every care has been taken during the compilation of this catalogue to ensure that the information is correct. However, no responsibility will be accepted for errors that may have occurred.

Our Year in Review

Our 2021 Bull Sale. Thank you to all those who supported our sale!

August 2021

Top price Charolais Bull \$20,000

Top price Angus Bull \$22,000

August 2021

Ryan & Rachel made the exciting purchase of new stud sire ANC Q-Pac (P) for \$45,000.

August 2021

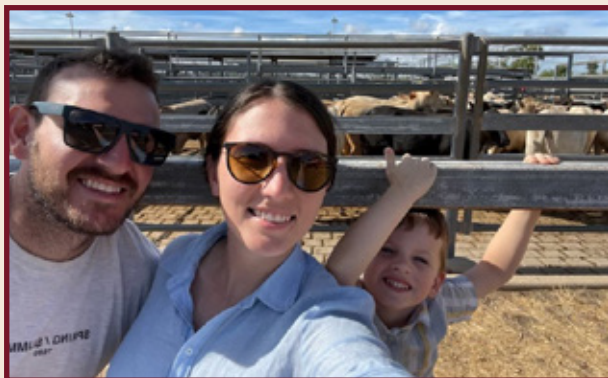

Jeff & Raelea took a leap of faith and made the significant purchase of 75 stud Angus cows.

They are a beautiful line of females and some of their progeny feature in this year's sale.

(You can read more about this purchase at the beginning of the Angus section).

September 2021

Emma moved back to Brisbane for a career change and to be with her partner Nic and his son Fletcher.

Even though we miss her heaps, she's loving life down south and still visits home regularly.

November 2021

It rained!

We received some very welcome and much needed rain, and what a difference it made!

December 2021

Ryan and Rachel had the opportunity to purchase the neighbouring block to 'Kensington', so it was goodbye 'Telco' at Injune and hello 'Lot 21'!

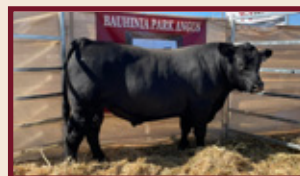

March 2022

Bindi and Anthony had their baby boy, Myles Carter. Elsie and Landon are loving having a baby brother and we're yet to find out if he'll be a machinery man like Dad, or a cattleman like Grandad and Uncle Ryan.

Ag-Grow - Thank you to all those who came to say G'day! It was great to see both new and old faces.

July 2022

Charolais Bulls

Lots 1-45

Bauhinia Park Charolais stud was founded by the Holzwart family in the mid 90's commencing with around 40 cows. The stud continues to grow to where we are now joining 200 top quality females with the resulting young sires sold at our Annual Bull Sale & in the paddock.

This year has been an exciting one for us with the purchase of neighboring property 'Lot 21', a big thank you to the Morawitz family for giving us the opportunity to expand our holding so close to home. We also had the opportunity to secure some new stud cows with calves at foot from Rascal Flatts Charolais. The Rascal Flatts cattle have earned a solid reputation and we are confident these new cows will be a great addition to our stud herd.

Our breeding philosophy remains simple, breed high performance cattle with the right fundamentals. We place a huge emphasis on fertility & constitution within our cow herd to ensure these traits are passed down the line through to commercial producers that buy our bulls. The entire herd of Charolais stud cows are also performance recorded, which tests us against our peers in the Charolais industry via breedplan EBV's.

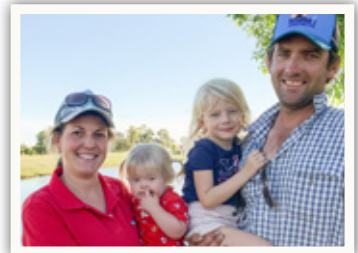

The bulls on offer this year are true industry focused beef bulls with great shape and the constitution

we strive to produce. They are well developed, fit, healthy and ready to work, and we are extremely confident they will perform well for their new homes. The 45 Charolais bulls in the sale include 22 polls and 12 red factors. The sale team features both new and proven genetics, with the main sire lines including our \$37,000 sire ANC Lastovski, classy red factor sire 4 Ways Mario (P) and the first progeny from Kenmere Nuptune (P) are also included in the sale.

Progeny from Bauhinia Park bulls have gone on to top many store and fat sales, as well as gaining good feedback when finished in feedlots or grass fed bullocks sent direct to works. We believe Charolais' place in a herd is to add muscle, weight & yield, without sacrificing desirable carcass traits. As always, the bulls are guaranteed and available for inspection at 'Kensington' any time prior to the bull sale.

Hope to see you August 24th.

Ryan & Rachel Holzwart

Charolais Breeders at 'Kensington'.

Lastovski was purchased in 2017 for \$37,000, one of the most impressive bulls we have ever seen set foot in a sale ring. Lastovski is a proper beef bull with tremendous length, thickness and constitution. He displays a good sire's head, loose skin, super thick hindquarter & covers the cows with ease.

We are very happy with the consistency Lastovski passes through to his progeny. Sons carry their sire's great carcass attributes and are ideal cross breeding machines whilst his daughters are beautiful roomy females with plenty of milk.

Lastovski when purchased at 24 months.

Lastovski Son - Lot 3.

Lastovski Son - Sold for \$19,000 in 2021.

Reference Sires

4 Ways Mario (P) (R/F)

Mario complements our sire battery nicely, his eye catching phenotype, soft muscle pattern and beautiful temperament make him a real contender. Mario is still sound as a bell and has cemented himself as a true breeding sire, he just doesn't miss!

Mario progeny display that extra touch of class just like their sire whilst still showing great carcass attributes.

He has an outstanding line up of sons in this year's sale, they will be sure to impress.

Kenmere Nuptune (P)

Nuptune was purchased in 2019. We just loved his beautiful sire's head and combination of bone, loose skin and big deep hindquarter.

Nuptune's calves are just as we hoped for, they impress with their thick, deep bodies and overall softness. Nuptune also passes on his slick coat, great constitution and easy finishing ability to his progeny.

His first sons sell in this year's sale and they are all quality.

Comments: Very easy doing type of bull to kick off the 2022 sale. One of the first calves born by Nuptune, a sire who has definitely made an imprint on the stud and has a great line up of sons in this year's sale. Ransome is a very long bodied, clean coated bull with great depth of fleshing and finishing ability. He is a pleasure to have around and comes highly recommended.

Comments: Take a good look at this polled Lastovski son, we think very highly of him and would happily use him back in the stud. He's very long and square made with a beautiful temperament and good maturity pattern. Combines a magic blend of genetics with all time favourite W31 back on the cow side, Junket who bred very well and then Lastovski. His dam is a stunning young cow who has produced a great calf since. Hard to see how you could go wrong with this polled youngster.

Angus Bulls

Lots 46-90

Welcome to the Angus section of our sale.

Bauhinia Park Angus stud initially invested a lot of time and money in our Angus program, via AI programs, Embryo programs and acquiring top line genetics. We now have third, fourth and fifth generation cows we have bred ourselves from this initial program. These home bred stud cows now provide us with much more predictability, having only retained the good ones based on our required attributes at the forefront.

Depth of breeding is so important in maintaining a herd that will breed consistent, value adding bulls for our commercial customers. We have travelled extensively, googled (as you do these days) and sought feedback from wherever we can both overseas and in Australia looking out for the best breeding we can find. Our search concentrates on Angus cattle that we believe suit our area whilst retaining the performance criteria and physical weight for age against their peers.

Significant Angus Breeder Purchase: An opportunity came up and we took a leap of faith (although Raelea nearly divorced Jeff at the time) and stepped out to buy a beautiful line of 75 stud angus cows in August 2021. The cows had breeding we knew and respected. Bulls like Net Worth, 004, Infinity, 036, 469 and other almost legends of the breed were behind the breeding in the cows. They have been

running on our Glen Innes country until just recently when we trucked them home having good feed now available for them here.

This Brooklana venture would have been pretty daunting without Geoff Hayes, Ray White Glen Innes. A huge thank you to Geoff (and his family) for finding the cows in the first place, and then for looking after them right up until loading them at 6am one recent cold, frosty -5 degree morning for them to come home to Emerald.

The Brooklana bulls in our sale team this year are then some of the progeny bought as weaners with these cows. The bulls were brought home to CQ much earlier to ensure they acclimatised well and could handle our environment. With their known breeding we were confident they would suit our environment, and while a few were culled along the way, in general they have done really well and handled our heat, flies, buffel grass and everything that is CQ. Their temperament is impeccable.

As a run of bulls we are very happy with this year's 2022 sale draft and look forward to catching up with everyone at the sale. As was said in the opening, should you not be able to attend then please follow us on AuctionsPlus.

Sire: Glenmorgan Thunderbird H248
D: Wattletop Dandloo A129

S: Booroomooka Net Worth G10
Dam: Bauhinia Park J93
D: Bauhinia Park G16

M38 is the son of a bull we had a lot of success with in H248 (many knew him by his nickname 'Gus'). We retained M38 as we believed he was a very complete animal due to his structure, muscle pattern and overall appeal and 'do-ability'. He has not disappointed. 6 sons in this sale. As a bonus and while not unexpected, his females are beauties with great udders, and are producing really well. We are sure you will see a lot more sons and sons of M38 daughters in years to come.

Reference Sires

Bauhinia Park Upward L7

Sire: Sitz Upward 307R

Dam: Rosevale D18

We chose to selectively AI some females to Sitz Upward after seeing the positive impact he was making on other Angus herds around the globe. L7 was the pick of our Upward calves and retained for stud duties. He was a standout since birth for his extra length and style and has matured into an awesome beef bull. L7 is extremely sound with near perfect feet and legs. He is also a calving ease sire and our go to bull for heifer joinings. We have already retained one son for use on heifers, whilst his daughters are equally impressive.

Comments: What a way to start the Angus draft with this outstanding L7 son. We have admired this bull since he was a calf. Very easy keeping with tremendous depth of body and ability to finish easily. Good sleek skin type and great temperament. His pedigree combines two of the breeds most consistent performers in Sitz Upward and SAV Harvestor. Pedigree suggests suitable for use on heifers.

A special message from Raelea

A hugely special tribute to the Bauhinia Park Team:

Bindi - Our IT guru and promo expert - Couldn't be possible without you! (And through Covid, and with a new baby! Going above and beyond yet again!)

Rache - Entering all those EBVs manually - Thanks for your patience, diligence, support and through pregnancy!

Emma - Support from afar and making yourself available whenever possible - We know you are with us every step of the way!

Ryan - The thank you list is endless! Never underestimate our gratitude to your dedication and ALL that you do!

And Jeff - The brains of it all - Your plans, hopes and dreams - Look what you have achieved! So proud of you!

Love Mum.

Also a huge thanks to Jesse, Hop, brother Waz and the workers every year behind the scenes, Di and Bec who run the canteen and feed us the yummy smoko and lunch, Paul who has been chef of the BBQ each year for as long as we can remember! (We will miss you this year - won't be the same without you!) and thank you Tony and Helen our new helpers on the BBQ!

So thankful for you guys!
