Welcome

A warm welcome to our 2020 Annual Bull Sale.

We hope our sale can be a nice little distraction from the strange and worrying world we see at the minute. We will obviously all need to be mindful of Covid19 protocols, but hopefully we can get to see some familiar and friendly faces.

It was another exciting year on the family front since our last sale. Ryan and Rachel welcomed another beautiful baby girl, Bridie, in January, and Paisley is loving being a big sister. They have also recently made an exciting new property purchase (see our 'Year in Review'). Bindi and Anthony have been kept very busy chasing after twins Elsie and Landon who are walking (running) and seem to have a never-ending supply of energy. Emma has been enjoying living and working out of Brisbane, but is looking forward to moving back home later in the year to start the next chapter of her career. She's very excited to take on more aunty duties and to get more involved in the stud again. Jeff & Raelea have been kept busy with day to day life (and lots of babysitting for Raelea) and have enjoyed a few trips down to their Glen Innes block during the year. A big thank you to all our immediate and extended family who continue to support each other in our family and business endeavours.

For our bulls on offer from both the Charolais and Angus Studs, our fundamentals have stayed solid to breed cattle for our harsh environment, whilst still retaining the important traits needed for today's beef industry:

- **Doing ability:** With predictable carcase traits. Our cattle are C.Q. adapted, un-spoiled, and our bulls perform out in the paddock. We retain a focus on softness (not to be confused with over fat) and finishing ability.
- **Carcase measures:** Feedback on the hook is paramount, and we are very pleased with MSA results we obtain. We place emphasis on soft muscle for weight, together with above average IMF for meat quality.
- **Calving ease:** Very important for both ourselves and our buyers, so we remain very aware of this attribute. We get positive feedback on calving ease from our bull buyers, yet the calves still retain above average growth and shape post calving. Our customers often top the local sales, with progeny of our cattle performing well both on grass or in feedlots. Thank you for our customers who provide valuable feedback.
- **Weight gain:** Our cattle are bred with length and thickness to add value for weaners, feeders, and

all the way to bullocks and terminal females. Add the emphasis to above average weight gains with performance measures below, and you can add predictability to our bulls sold.

- **Performance data:** Regular weight gains submitted for Breedplan analysis, over the hook feedback, plus pre-sale Fat, EMA, and IMF scans on the bulls being offered are all used by us. We embrace EBV's as an important tool, and both studs are now almost entirely breed plan recorded. Real time data, performance EBV's and intimate knowledge of our cattle all help ensure we maintain the high standards sort.
- **Proven over the years:** It is now over 20 years since we first established our Charolais stud, and based on this experience we had fast tracked our Angus herd started around ten years ago. Our bulls are 100% guaranteed. A large portion of our bulls sell to repeat buyers, for which we are proud and say a huge thank you.

So again welcome, and if you can find the time to attend, we sincerely thank you and please stay afterward for a free beer, steak sandwich, and a yarn.

Jeff and Raelea, Ryan and Rachel Holzward

Sale Information

Inspection:

Inspection of the bulls is most welcome prior to the sale by arrangement.

AuctionsPlus:

This year our sale will be on AuctionsPlus for the first time. So in the event of any changes in Covid19 circumstances, the sale will still operate on AuctionsPlus.

Covid19:

As we are still holding a physical sale at the Ag-Grow complex, we will work with Geoff, Donna and the Ag-Grow team for required and prudent Covid19 protocols.

Supplementary Sheets:

All bulls will be scanned prior to the sale by certified scanning technician David Reid for eye muscle area (EMA), rump fat, rib fat and intra muscular fat (IMF). Bulls will also have a sale weight and scrotal size measurements which will all be printed on supplementary sheets and available on sale day or just prior to the sale on our website.

Delivery:

Free freight available to Alpha and Rolleston clearing dips, and bulls can be cleared at Emerald Saleyards if required. We are also happy to assist with delivery in the local area. Please talk to the agents, Jeff or Ryan for delivery assistance or leave instructions at the registration desk at the sale.

Refreshments:

We would like to take time to enjoy the sale and spend time with clients and friends, so please join us for complimentary morning tea prior to the sale and a free post-sale lunch, maybe even a beer or two. We will need to be mindful of social distancing this year though.

Guarantee:

We back our bulls 100% and are extremely tough on making sure the bulls are structurally sound and fertile. All bulls will be semen tested, breeding soundness evaluated and are guaranteed breeders. If a problem occurs against the breeding ability of a bull within the first full breeding year of purchase, a replacement animal of comparable value or bull credit for the following sale will be given if required. Please contact us if you have any issues.

Health and Vaccinations:

Sale bulls are vaccinated with:

- 3 day
- 7-in-1
- 3 germ blood

The bulls will be Dectomax injected ready for tick clearance if required.

Biosecurity:

Bauhinia Park Studs are currently operating under a J-BAS 6 score. We are aware of the industry requirements and have a plan in place. We are willing to meet the needs of purchasers. A health declaration will be provided with the usual NVD on sale day.

Breedplan:

Our studs are breedplan recorded, and EBV's are printed in the catalogue.

Disclaimer:

Every care has been taken during the compilation of this catalogue to ensure that the information is correct. However, no responsibility will be accepted for errors that may have occurred.

Our Year in Review

Our 2019 Bull Sale. Thank you to all those who supported our sale!

August 2019

Top price Charolais Bull \$18,000

Top price Angus Bull \$12,000

Our AI Programs for 2019 began.

SAV Raindance 6848 (left), Bauhinia Park M38 (middle) and Millah Murrah Klooney K42 (right) were used in our Angus AI Program.

October 2019

Charolais sires used were Kenmere Nuptune, 4 Ways Mario and Sparrows Seminole.

January 2020

Ryan & Rachel added another beautiful baby girl, Bridie Laurelle, to their family.

January/February 2020

We were fortunate not to get as dry/drought effected as many other places, but we were still very relieved when the summer rains came!

April 2020

Jeff & Raelea enjoy a good season at their Glen Innes property, 'Springvale'.

Pictured are some Angus heifers doing well on the oats crop.

May 2020

Weaning underway at 'Kensington' and 'Grandridge'.

Our heaviest weaner Bauhinia Park Quantas Q50E (pictured) weighed 450kg at just 9 months off grass!

Ryan & Rachel made the exciting purchase of 'Telco' - 2,321 acres situated between Injune & Roma.

July 2020

CHAROLAIS BULLS

LOTS 1-34

Bauhinia Park Laura 8 with bull calf Bauhinia Park Quantas Q50E.

Bauhinia Park Charolais

Bauhinia Park Charolais stud was founded by the Holzwart family in the mid 90's commencing with around 40 cows. The stud has since grown to where we are now joining 180 top quality females with the resulting young sires sold at our annual bull sale & in the paddock.

Located just 30km East of Emerald in Central Queensland the majority of the Charolais herd is run on our property 'Kensington'. We place a huge emphasis on fertility & constitution within our cow herd to ensure these traits are passed down the line through to commercial producers that buy our bulls. The entire herd of Charolais stud cows are also performance recorded, which tests us against our peers in the Charolais industry via industry standard EBV's. This, together with actual scanned data for EMA's, IMF's and Fat scores, provides us with valuable data for subsequent decisions for our stud. These actual scans of sale bulls are also available just prior to sale, and will be readily available on sale date.

We are proud of the Charolais bulls on offer this year: They are true beef bulls with great shape, weight for age and the constitution we strive to produce. They are fit, healthy and ready to work, and we are extremely confident they will perform well for their new homes. The 34 Charolais bulls in the sale include the first sons of our \$37,000 sire ANC Lastovski & new homozygous polled sire Ascot Eldorado L504 (P). Other exciting genetics featured throughout the catalogue include Minnie-Vale Jacky (P) and Fernvale George.

Progeny from Bauhinia Park bulls have gone on to top many store and fat sales, as well as gaining good feedback when finished in feedlots or grass fed bullocks sent direct to works. We believe Charolais' place in a herd is to add muscle, weight & yield, without sacrificing desirable carcase traits.

As always, the bulls are guaranteed and available for inspection at 'Kensington' any time prior to the bull sale. Simply call to organize a suitable time.

Hope to see you August 19th.

Ryan & Rachel Holzwart

Reference Sires

ANC Lastovski

Sire: ANC Hectare H110F
D: ANC Repairs Irene (AI) (ET)

S: ANC Rouky (AI) (ET)
Dam: ANC Highroad H178F
D: ANC Zoltas Isobella B535F

June 2020 Australasian Charolais Group Breedplan						
	Birth Wt.	200 Day	400 Day	600 Day	Mat. Cow	Milk (kg)
EBV	+2.6	+16	+34	+53	+71	+6
Acc	48%	73%	68%	80%	60%	35%

Lastovski was purchased in 2017 for \$37,000, one of the most impressive bulls we have ever seen set foot in a sale ring. Lastovski is a proper beef bull with tremendous length, thickness and constitution. He displays a good sire's head, loose skin, super thick hindquarter & covers the cows with ease.

We are very happy with the first Lastovski sons to be offered in this sale, they carry their sire's great carcass attributes and are ideal cross breeding machines.

Lastovski when purchased at 24 months.

Lastovski Son - Lot 5

Lastovski Son - Lot 7

Reference Sires

Minnie-Vale Jacky (P)

S: Harvie Redemption 36P (P) (R/F)
Sire: Winchester Peacemaker D6E (AI) (ET) (P)
D: Rosedale Honor X89 (AI)

S: Fernvale Xtra Impact (AI) (ET)
Dam: Minnie-Vale Marilyn D42E
D: Minnie-Vale Marilyn X121E

June 2020 Australasian Charolais Group Breedplan						
	Birth Wt.	200 Day	400 Day	600 Day	Mat. Cow	Milk (kg)
EBV	+1.2	+13	+30	+51	+45	+13
Acc	63%	85%	80%	88%	75%	62%

Jeff selected Jacky from Minnie Vale in 2015 to strengthen our polled sire battery. Combines strength and substance backed by a proven pedigree. Jacky passes on his stylish outlook, clean coat & extra bone. Progeny have a special mix of growth, muscling & softness with the ability to lay down cover easily.

Fernvale George (AI) (ET)

Pictured: Fernvale X-Rated X40E - Grandsire of Fernvale George

Sire: TR Red Smoke M723761 (P) (R/F)
D: Thomas MS Advantage 2621

S: Fernvale X-Rated X40E
Dam: Fernvale Angel A30E
D: Fernvale Primadonna (AI) (ET)

June 2020 Australasian Charolais Group Breedplan						
	Birth Wt.	200 Day	400 Day	600 Day	Mat. Cow	Milk (kg)
EBV	0.0	+13	+27	+35	+25	+8
Acc	78%	63%	62%	64%	61%	61%

George is a proven sire who produces thick, deep flanked progeny with a great skin type and big weight for age. Stems from a golden pedigree with Red Smoke, Primadonna and X-Rated (pictured) in the background. We think a lot of George and his sons in this sale, they won't disappoint.

Ascot Eldorado L504 (P)

S: CS PLD Junction 4J (P)
Sire: Ascot Eldorado (AI) (P) (R/F)
D: Gobongo Isabella D10E (AI) (P) (R/F)

S: Gobongo
Dam: Ascot G62 (P)
D: Gobongo Rebby x80E

June 2020 Australasian Charolais Group Breedplan						
	Birth Wt.	200 Day	400 Day	600 Day	Mat. Cow	Milk (kg)
EBV	-1.9	+19	+29	+31	+40	+2
Acc	75%	78%	77%	84%	73%	56%

Smoothly made homozygous poll sire with great balance & structural integrity. L504 has tremendous length & volume topped off by a good clean coat and sires outlook. He compliments our sire battery nicely and hasn't thrown a horned calf yet. We are extremely pleased with his first few sons in this years sale.

Lot 1 Bauhinia Park Patriot (P) (R/F)

Registered Bull ID: BAUP14E
Birth Date: 02/08/2018 Colour: Red Factor

S: Palgrove Charm (AI) (ET) (P)
Sire: Palgrove Hallmark (AI) (P) (R/F)
D: Palgrove Alyssa 47 (P) (R/F)

S: Bauhinia Park Jasper J120 (AI) (P)

ANGUS BULLS

LOTS 35-70

Bauhinia Park Angus

Welcome to the Angus section of our sale.

Bauhinia Park Angus stud has invested a lot of time and money in our Angus program, via AI programs, Embryo programs and acquiring top line genetics. Depth of breeding is so important in establishing a herd that will breed consistent, value adding bulls for our commercial customers. We have travelled both overseas and in Australia, looking at and for the best breeding cattle we can find. Our search concentrates on Angus cattle that we believe suit our area, but have the performance data and physical weight for age against their peers.

Our criteria in a nut shell:

- Bred for CQ conditions*
- Use the best genetics we can find*
- Make sure they fit market criteria for:*
 - Weight for age*
 - Carcase qualities supported by EBV's and feedback performance*
 - Fertility based on real time calving interval. AI followed by a short seasonal mating is practiced in all our herds.*
 - Structure for longevity*
 - Strength of breeding from both dam and sire.*
 - Temperament*
 - Ease of calving*

We believe bulls bred or raised in our area have a higher chance of performing in our environment. We have already assessed and culled those that struggle. This helps take away the potential uncertainty of the adaptability or even survival of bulls bred in cooler and less harsh environments.

For you, the commercial breeder, we have already rejected both sire bulls and breeding cows that have not adapted. And we do this making sure the weight for age, carcase, fertility and functionality are always upheld.

As with all our bulls, they are absolutely guaranteed, and if you ever have an issue with any purchase, simply call us and we will sort a satisfactory outcome.

Bulls can be inspected by appointment up to the sale. Simply call and we will make a suitable time.

Jeff & Raelea Holzwart

Reference Sires

Musgrave Big Sky

Sire: Connealy Earnan 076E

Dam: SAV Primrose 7861

A big bull with moderate birth, excellent IMF and depth of breeding. Has been a “go to” sire in the US and Australia of recent seasons. Heavy muscling without sacrificing mobility, structure and carcase quality. Some good sons in this sale.

July 2020 Angus Australia Breedplan												
	Birth Wt.	200 Day	400 Day	600 Day	Mat. Cow	Carcase	EMA	Rib Fat	Rump Fat	Beef Yield	IMF	Milk (kg)

SS Niagara Z29

Sire: Hoover Dam

Dam: Jet S S X144

Niagara was Jeff's favourite up and coming Angus bull while on tour in the US in 2016.

Does a lot of things right. Super structure passes on, which should equate to longevity in his progeny. He is our go to bull in our AI program for heifers. Unique combination of low birth, high growth, brilliant temperament, and carcase data.

July 2020 Angus Australia Breedplan
