Welcome

A warm welcome to our 2016 Annual Bull Sale.

This year we are back at the Ag-Grow Bull Selling Complex. A big thankyou to Geoff Dein and his staff for improving this facility and making it so appealing to use once again. We also thank everyone who attended our on property sale last year, and particularly those who helped with the set up in those hectic days before hand. This year we have 80 bulls to sell as compared to 60 last year, and felt it best to stage our sale at a purpose built facility at this stage in our studs' development. This allows us to concentrate on our herd development to get our two studs to be the very best they can be.

Another exciting year for our family again. Bindi and Anthony's first year of marriage, and Ryan and Rachel's engagement announcement for their pending wedding in early October this year. A big congratulations to Ryan and Rach'. Jeff also had the opportunity to visit USA on an Angus Genetics Tour, which was just an awesome experience. Raelea has settled into life at our new property Grandridge, and with Jeff busy at the office, is now the un-official Grandridge manager. Emma is still working full time, whilst studying her degree externally through the USQ. So a big thank you to all our immediate and extended family who continue to support each other in our family and business endeavours.

For the cattle industry generally, what a period in time we continue to enjoy. Low interest rates, world demand for protein, shortage of suitable cattle and a lower Aussie dollar has seen beef prices at a level rarely seen during most of our lifetimes. A recent break in the season just adds to this, and is reward for all those who endured the other side until recently. We pray it continues for a while, and lets all enjoy the ride while its here.

So how can the bulls you buy help make sure we get those better prices to be had:

- Doing ability with predictable carcass traits – is a major focus with our stud selection. Our cattle are adapted, un-spoiled, and our bulls perform out in the paddock. We retain a focus on softness (not to be confused with over fat), finishing ability, and with higher than average IMF. Our bulls progeny often

top the local store sales and show sale, and perform well in feedlots. Thankyou for our customers who provide us with valuable feedback.

- Weight gain from length and thickness – Our bulls are bred to add value from weaners, feeders, and all the way to bullocks and terminal females. We are using physical weights in our young bull herds, we know the genetic value of our stud breeders, and coupled with EBV's from genetic history, this ensures we keep improving our bulls bred for your selection.
- Proven over the years – It is approaching 20 years since we first established our Charolais stud, and based on this experience we have fast tracked our Angus herd started five years ago. We have very few call backs on bulls from faults, and 100% guarantee the bulls we sell. We have a large portion of our bulls sell to repeat buyers, for which we are proud and say a huge thankyou.
- Polled heads – we are listening and increasingly adding polled genetics into our program. Not always easy for the Charolais, but we are getting there. Our Angus bulls are 100% polled.

So again welcome, and if you can find the time to attend, we sincerely thank you and please stay afterward for a free beer, steak sandwich, and a yarn.

Jeff, Raelea and Ryan Holzwart

Sale Information

Inspection:

Inspection of the bulls is most welcome any time prior to the sale by arrangement with us or the agents. If you can't make the sale day, we encourage you to contact us or the agents and organise to bid via the telephone (phone service is prevalent at the sale ring).

Supplementary Sheets:

All bulls will be scanned prior to the sale by certified scanning technician David Reid for eye muscle area, rump fat, rib fat and intra muscular fat. Bulls will also have a sale weight and scrotal size measurements which will all be printed on supplementary sheets and available on sale day or just prior to the sale on our website.

Guarantee:

We back our bulls 100% and are extremely tough on making sure the bulls are structurally sound and fertile. All bulls will be semen tested, breeding soundness evaluated and are guaranteed breeders. If a problem occurs against the breeding ability of a bull within the first two years of purchase, a replacement animal of comparable value or bull credit for the following sale will be given if required. Please contact us if you have any issues.

Health and Vaccinations:

Sale bulls are vaccinated with:

- 3 day sickness
- 5-in-1
- 3 germ blood

The bulls will be Dectomax injected ready for tick clearance if required.

Delivery:

Free freight will be given to Alpha and Rolleston clearing yards. We are also happy to assist with delivery in the local area. Please talk to the agents, Jeff or Ryan for delivery assistance or leave instructions at the registration desk at the sale.

Agents Rebate:

A 4% rebate will be given to outside agents (usual conditions apply).

Refreshments:

We would like to take time to enjoy the sale and spend time with clients and friends, so please join us for complimentary morning tea prior to the sale and a free post-sale lunch, maybe even a beer or two.

Breedplan:

We offer a range of industry tools to help in your bull selection. Supplementary raw performance data (available on sale day) used in conjunction with Breedplan figures and visual appraisal can assist you in your decision making. EBVs are calculated using submitted weights and other available information to form an Estimate Breeding Value incorporating pedigree and performance of relatives and the individual animal.

Our Year in Review

September 2015 - Our 11th Annual Bull Sale was held at 'Grandridge'.

October 2015 - Just two weeks after last year's Bull Sale, Bindi and Anthony got married at 'Grandridge'.

October 2015 - Our Angus AI program began.

S A V Harvester 0338, S A V Registry 2831, and S A V International 2020 were the 3 main bulls we used covering approx. 80 cows. The first calves are hitting the ground now and look the part!

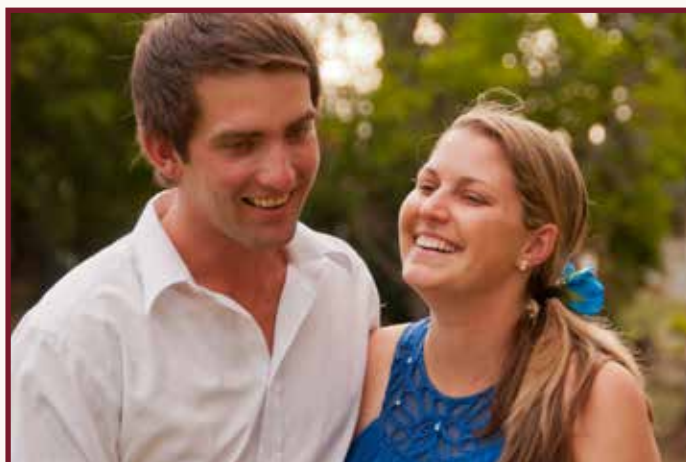

November 2015 - We purchased exclusive Australian semen rights for polled Canadian bull Sparrows Seminole and the first cows were AI'd soon after.

Pictured (left): Young Daughter of Sparrow Seminole with calf.

November 2015 - Ryan and Rachel got engaged!
Wedding plans are underway with the big day set
for October this year.

May 2016 - Future stud sire. Bauhinia Park Comrade
won Grand Champion Bull at the Alpha and
Springsure Shows.

May 2016 - Emma became the 2016
Emerald Miss Showgirl.

June 2016 - Jeff went over to America on an Angus
beef tour organised by Nigel Semmens
at Genetics Australia.

July 2016 - Ag-Grow Emerald. Thank you to everyone
who came and said G'day.

Pictured (left): Lot 49.

CHAROLAIS BULLS

LOTS 1-35

Future stud sire Bauhinia Park Kodiak (P)

Bauhinia Park Charolais

Bauhinia Park Charolais stud is a family owned and operated business founded by Jeff and Raelea Holzwart in the mid 90's commencing with around 40 cows. The stud has since grown to where we are now joining around 180 top quality females with the resulting young sires sold at our annual bull sale.

Located just 30km East of Emerald in Central Queensland the majority of the Charolais herd are run on our property 'Kensington'. Ryan is a partner in the Charolais herd, and together with his fiancée Rachel is now the main resident and manager at Kensington and of the Charolais stud.

We are all very passionate about breeding the best quality, most consistent Charolais cattle we can. The entire herd of Charolais stud cows are performance recorded, which tests us against our peers in the Charolais industry. This, together with actual scanned data for EMA's, IMF's and Fat scores, provides us with valuable data for subsequent decisions for our stud. These actual scans of sale bulls are also available just prior to sale, and will be readily available on sale date.

Progeny from Bauhinia Park bulls have gone on to top many store and fat sales, as well as gaining good feedback when finished in feedlots. We place a lot of emphasis on EMA's and IMF's, as we believe Charolais' place in a herd is to add muscle, weight and yield (EMA's are a good indicator of muscle), without sacrificing desirable carcass traits (which is where IMF plays it's part).

Not resting on our laurels, we also continue to invest in industry leading sires, with the recent investment being in Sparrows Seminole, who Ryan had seen progeny in Canada 18 months ago. Ryan thought he had made the most notable change to the Polled Charolais gene pool that Ryan has seen to date. We were fortunate to acquire the sole Australian rights to Seminole's Semen, which was pretty special. The owners of Seminole will not release his semen at home, as they believe he is such a complete sire they want people to purchase his sons to obtain his genetics. Clever marketing, and enormous faith in the bull by them. We have calves due shortly, and fingers crossed they will be beauties. (See pictures in the Year in Review section of this catalogue - page 6.)

Foundation Sires

Bauhinia Park W31E

Sire: S: Ayr Nippon
Ayr Nippon's Archerton
D: Ayr Fitzroy's Ava

Dam: S: Ayr Embargo
FD7 R26E
D: FD7 Birchfield (P)

W31 had a huge influence at Bauhinia Park and has been labelled the king of natural substance and constitution. With extreme length, volume and thickness W31 was one of the most imposing bulls you would see and carried it with ease.

W31 left his stamp on the stud through Sons Muscles and Colorado while his daughters are of such quality their progeny are consistently among our best. W31 carried every feed efficiency gene star known (8 out of 8) when gene-star was a significant test used a few years back. He is the only Charolais we had seen with such complete feed efficiency.

July 2016 Australasian Charolais Group Breedplan					
	Birth Wt.	200 Day	400 Day	600 Day	Milk (kg)
EBV	+1.0	+13	+25	+33	+6
Acc	70%	90%	87%	89%	87%

Fernvale X-Rated

Sire: S: Ayr Flinders
Ayr Flinders Inglewood
D: Ayr Addie's Iris

Dam: S: Excalibur FMC423
Fernvale Rose
D: Fernvale Hi Lilly

Purchased for \$18000 which at the time seemed like a lot of money but looking back was so cheap.

X-Rated added show stopping looks and high growth rates to his progeny, still leaving them with an ability to carry extra cover. Sons were highly sort after by cattlemen, breaking our stud records through the sale ring. His females have gone on to become some of our best. Three very influential sons were retained for stud duties; Bronco, Dance and current leading sire Dozer.

July 2016 Australasian Charolais Group Breedplan					
	Birth Wt.	200 Day	400 Day	600 Day	Milk (kg)
EBV	+2.3	+17	+37	+61	+2
Acc	77%	89%	86%	89%	85%

Reference Sires

Bauhinia Park Dozer

Sire: S: Ayr Flinders Inglewood
Fernvale X-Rated
D: Fernvale Rose

Dam: S: Ayr Filinders Gypsland
Bauhinia Park X-Cellent
D: FD7 R26E

July 2016 Australasian Charolais Group Breedplan					
	Birth Wt.	200 Day	400 Day	600 Day	Milk (kg)
EBV	+1.8	+19	+37	+55	+12
Acc	55%	70%	67%	70%	58%

Named after his registration no D9, Dozer has been our leading stud sire for a few years now. Retained as he is probably the most complete bull we have ever produced and out of our super cow X19. Dozer is placing his stamp on the stud producing females that are simply awesome, easy keeping, high milking cows. Sons combine plenty of finishing ability with unmatched performance now placing Dozer in the top 5% of the breed for 200, 400 and 600 day weights.

Mamboo Park Colorado

Sire: S: Ayr Nippon's Archerton
Bauhinia Park W31E
D: FD7 R26E

Dam: S: Gunnadoo Red Baron R/F
Mixhill Friesha
D: Moombi Friesia

July 2016 Australasian Charolais Group Breedplan					
	Birth Wt.	200 Day	400 Day	600 Day	Milk (kg)
EBV	+0.7	+7	+17	+23	+1
Acc	53%	72%	67%	69%	58%

Colorado was the standout bull of the C drop and retained as one of the strongest W31 sons produced. Colorado was used at our St George block for a few seasons on mainly Charbray cows with the progeny so impressive and consistent we bought him home to fulfil stud duties. Sons are long, punchy cross breeding machines that will grow on to be big impressive herd sires.

Bauhinia Park G144E 'Junior' (P)

Sire: S: Bauhinia Park W31E
Bauhinia Park Muscles
D: Bauhinia Park Cassie

Dam: S: Kindara B-Butt R/F
Bauhinia Park Mindy 4 (P)
D: Bauhinia Park Mindy

July 2016 Australasian Charolais Group Breedplan					
	Birth Wt.	200 Day	400 Day	600 Day	Milk (kg)
EBV	+1.0	+13	+25	+33	+6
Acc	70%	90%	87%	89%	87%

G144E is the legacy of household favourite "Muscles", hence the nickname 'Junior'. Out-shining peers in his age group, together with a strong polled sires outlook made Junior an easy decision to retain. Progeny are all quality - clean coated, thick and meaty with ample softness and a large majority polled. Use Junior sons on Bos Indicus based females and the results will be astounding.

Lot 1 Bauhinia Park Kolby (P) (R/F)

Registered Bull **ID:** MEJK111E
Birth Date: 10/10/2014 **Colour:** Red Factor

S: Harvie Jager (R/F) (P)
Sire: Branch View Forged From Steel (P) (R/F)
D: Branch View Xquisite

S: Rosedale Woodrow
Dam: Jackson Ziggy (P)
D: Moombi Stonehut (P)

July 2016 Australasian Charolais Group Breedplan					
	Birth Wt.	200 Day	400 Day	600 Day	Milk (kg)
EBV	-0.7	+7	+16	+18	+7
Acc	67%	50%	49%	50%	39%

Comments: Polled and gold - quality bull to start this years sale. Fleshy young bull with plenty of weight for age, softness and a doing ability. His progeny would be ideal for feedlots or grass finishing operations looking to maximise profits.

Purchaser: Price: \$.....

Lot 2 Bauhinia Park Kalgoolie (P)

Registered Bull **ID:** MEJK52E
Birth Date: 12/09/2014 **Colour:** White

S: Harvie Jager (R/F) (P)
Sire: Branch View Forged From Steel (P) (R/F)
D: Branch View Xquisite

S: Rosedale Axle (P)
Dam: Jackson Endore (P)
D: Linkletter V52E (P)

July 2016 Australasian Charolais Group Breedplan					
	Birth Wt.	200 Day	400 Day	600 Day	Milk (kg)
EBV	+0.8	+14	+26	+32	+6
Acc	66%	48%	47%	48%	38%

Comments: Smoothly made bull with extra growth and a good nature. Carrying strong polled genes on both sides of his pedigree we expect Kalgoolie will throw mainly polled progeny. His dam is a very functional, fertile breeder.

Purchaser: Price: \$.....

Lot 3 Bauhinia Park Korbon

Registered Bull **ID:** BAUK24E
Birth Date: 19/08/2014 **Colour:** White

S: Fernvale X-Rated
Sire: Bauhinia Park Dozer
D: Bauhinia Park X-cellent

S: Bauhinia Park W31E
Dam: Bauhinia Park Sandra
D: Debron Sandra

July 2016 Australasian Charolais Group Breedplan					
	Birth Wt.	200 Day	400 Day	600 Day	Milk (kg)
EBV	+1.8	+18	+32	+47	+3
Acc	43%	64%	58%	59%	49%

Comments: A super fleshy Dozer son with a strong blend of genetics. Noted by cattlemen while on display at ag grow for his extra bone and scale. His dam is a proven performer consistently producing some of our heaviest weaners.

Purchaser: Price: \$.....

Lot 4 Bauhinia Park Kustom

Registered Bull **ID:** BAUK1E
Birth Date: 02/04/2014 **Colour:** White

S: Fernvale X-Rated
Sire: Bauhinia Park Dozer
D: Bauhinia Park X-cellent

S: ANC Belgium
Dam: Bauhinia Park Desire 5
D: Bauhinia Park Desire 2

July 2016 Australasian Charolais Group Breedplan					
	Birth Wt.	200 Day	400 Day	600 Day	Milk (kg)
EBV	+2.4	+15	+32	+49	+7
Acc	43%	59%	61%	57%	42%

Comments: Extra length and a shiny coat in this robust Dozer son. Too young for last year's sale and held over to be one of our lead bulls this year, he will handle a power of work.

Purchaser: Price: \$.....

Lot 5 Bauhinia Park Kannon (R/F)

Registered Bull **ID:** BAUK63C
Birth Date: 05/09/2014 **Colour:** Red Factor

Sire: **S:** Bauhinia Park Muscles
 Bauhinia Park G144E (P)
D: Bauhinia Park Mindy 4 (P)

Dam: **S:** Fernvale Black Adder
 Bauhinia Park F28 (R/F)
D: Bauhinia Park C13 (R/F)

July 2016 Australasian Charolais Group Breedplan					
	Birth Wt.	200 Day	400 Day	600 Day	Milk (kg)
EBV	+1.2	+13	+25	+34	+8
Acc	35%	56%	48%	47%	35%

Comments: 7/8 Charolais, 1/8 Charbray. This eye catching red factor bull is a definite sale feature. Standing on a heap of bone with ample meat just imagine his calves over Brahman or Droughty based females.

Purchaser: Price: \$.....

Lot 6 Bauhinia Park Kracker (R/F)

Herd Bull **ID:** BAUK2
Birth Date: 05/04/2014 **Colour:** Red Factor

Sire: **S:** TR Smoke on the Water (R/F) (P)
 TR Red Smoke (P) (R/F)
D: Thomas Ms Advantage

Dam: **S:** Bauhinia Park Bronco
 Bauhinia Park Omen 10
D: Bauhinia Park Omen 5

July 2016 Australasian Charolais Group Breedplan					
	Birth Wt.	200 Day	400 Day	600 Day	Milk (kg)

2015 BAUHINIA PARK ANNUAL SALE

CHARBRAY BULLS

LOTS 36-45

Lot 41, 45 and 39

Charbrays - A New Joint Venture

This year we have decided to add an offering of Charbray bulls to our sale. The Charbray bulls are a joint venture between Bauhinia Park Charolais and the Hicks family from Barcaldine. Peter and Louise Hicks are long time friends, which started when Raelea and Louise were work mates at Westpac in Emerald in the 1980's, forging a life time bond. Peter and Louise are also long time supporters of Bauhinia Park Charolais, and consistently purchase some of our leading bulls at our annual sales. We have noted for a while Peter's eye for good cattle, and appreciate the overall performance of their herd which we have experienced on our visits over many years.

Peter, Louise and family run several thousand cattle, so when Peter offered us the chance to secure his best 20 young Charbray bulls from such a large pool, we could see merit in the offer. We took this opportunity for two reasons:

- 1. We believe good Charbrays with genuine meat are becoming harder to source*
- 2. We know the sires of these bulls are from our best genetics, so we can offer them with confidence.*

At this sale we offer 10 of these young Charbray sires. We hope you can appreciate them as much as we do, and confirm that they carry the same guarantee as all other Bauhinia Park bulls.

The Bauhinia Park Influence

At the Emerald Cattle Sale 16th June 2016, George, Maree and Steve Saunders of 'Medway Park' Bogantungan, sold a draft of 138 weaner steers. They topped at 369.2c/kg to average 359c/kg. The lead pen weighed 288kg for 359.2c/kg and \$1,034/head - Proudly sired by Bauhinia Park bulls.

At the Emerald Weaner & Feeder Ag-Grow Sale 7th July 2016, the Pukallus Family of Wyntoon Partnership, 'Wyntoon' Gindie, sold Charbray steers to 359.2c/kg and weighing 335kg straight off mum to return \$1,203/head - Proudly sired by Bauhinia Park bulls.

At the Emerald Weaner & Feeder Show Sale 31st May 2016, Lloyd Stranks of 'Sunnyvale' Willows, sold Brangus Steers to 356c/kg with a top return of \$923/head with the heifer portion selling to 308c/kg and returning a top of \$979/head - Proudly sired by Bauhinia Park bulls.

Tony Branson and Terry Moy of TNT Pastoral, 'Roseanne' Yamala, sold a line of Charolais Cross steers at the Emerald Cattle Sale 14th July 2016. The No. 5 steers sold to 327c/kg, grossing \$1,233/head. Their weaner steers sold to 365c/kg, grossing \$918/head - Proudly sired by Bauhinia Park bulls.

We're all looking for premium grades. We recently shipped a deck of our own paddock assist milk and two teeth ox and heavy heifers to Tey's Lakes Creek. Of the 23 consigned, 21 graded MSA. We consistently use our own feedback and that of our bull buyers to assist in genetic selection.

Bauhinia Park weaners in the yards at 'Kensington'

ANGUS BULLS

LOTS 46-80

D18 with her latest bull calf. Dam of Lot 50.

Bauhinia Park Angus

Welcome to the Angus section of our sale.

Bauhinia Park stud has invested a lot of time and money in our Angus program, via AI programs, Embryo programs and acquiring top line genetics. For selection of Genetics, there is nothing like seeing for yourself. Ryan visited Canada 18 months ago, and Jeff was lucky enough to be invited to a USA Angus Genetics tour in June this year. We inspected many herds and took note of the lead genetics being used that made a significant difference to these herds. Depth of breeding is so important in establishing a herd that will breed consistent, value adding bulls for our commercial customers.

Our criteria is again pretty simple for our Angus bulls. Breed them for CQ conditions, use the best genetics we can find, and make sure they fit cattleman's needs, being:-

- *Weight for age*
- *Carcass qualities supported by EBV's and feedback performance.*
- *Fertility based on actual cow calving interval and we seasonally mate our cows similar to commercial operations.*
- *Adaptability based on the performance and strength of both dam and sale bull again in our CQ environment.*
- *Temperament*
- *Ease of calving.*

Obviously bulls bred or raised in our area have a higher chance of performing in our environment. We have already assessed and culled those that struggle. This helps take away the potential uncertainty of the adaptability or even survival of bulls bred in cooler and less harsh environments.

For you, the commercial breeder, we have already rejected the bulls that have not adapted to our area, and you can buy with confidence for all of the above desired attributes.

As with all our bulls, they are absolutely guaranteed, and if you ever have an issue with any purchase, simply call us and we will sort a satisfactory outcome.

Bulls can be inspected at Kensington any time up to the sale. Simply call and we will make a suitable time.

Reference Sires

SAV Thunderbird 9061

Sire: SAV Final Answer 0035

Dam: SAV Emblynette 7411

AI Sire. One of the widest use AI sires in Australia last year. Studs are just starting to appreciate him. Excellent spread of figures, low birth to the top 2% for 600 day. Oozes thickness, easy doing and his sons are proving highly adaptable to our area. Having a positive influence with daughters in our stud just starting to calve now.

Booroomooka Net Worth G10

Sire: SAV Net Worth 4200

Dam: Booroomooka Winch B69

We acquired 'Boory' as he combined two wonderful blood lines that we highly respect. SAV Net Worth and Bon View New Design 1407. Both have been absolute "go to" sires for the Angus industry. Net Worth semen is now rare to find, and the best females Jeff saw in USA this year were Net Worth cows. 'Boory' is near the top shelf for many traits, and his sons are clean coated and cover easily.

Future Sires

SAV International 2020

Sire: SAV Harvester 0338

Dam: SAV Emplynette 5483

AI Sire. The \$400,000- sale top-per at SAV in USA 2014. Bred in the purple as they say. Combines a sheer smorgasbord of leading sires and dams. Saw awesome calves during USA visit. Used significantly in our AI program last year. Calves hitting the ground now look really good. Another bull we expect will leave his mark on our stud.

Sire: SAV Thunderbird 9061

Dam: Wattletop Dandloo A129

'Gus' is the most complete Thunderbird son we have seen, and carries a heap of meat easily all through joining seasons. Covered nearly 100 females during his first 2014 summer, between heifers at home, a neighbour then borrowed him when his own bull became injured, and then back to cover cows we had AI'd. His bulls will be a feature in our sale next year.
