Welcome

A warm welcome to our 2026 Annual Bull Sale.

Our twenty-second sale - where has the time gone? Firstly, a huge thank you to all who supported our sale last year - we couldn't have been happier with the results.

On a family note, we would like to congratulate our younger daughter/sister Emma on her marriage to Nic last August. We can't believe it's been 12 months.

From a global point of view, what a challenging world we now live in. One thing we love is the rural industry's resilience, its positiveness and the go forward attitude regardless as to what is thrown at us.

Like everyone reading this, we are sure, the past twenty-two years has had its highs and lows, but it has seen evolutions in many ways that present exciting innovations for the beef industry. The use of science and geonomics' has advanced in leaps and bounds, and there is so much more data and opportunity in the livestock space than was ever dreamed about 21 years ago.

As we have also reinforced before, the great thing about the cattle industry for all these innovations is that good cattle are still good cattle, and good cattlemen (young or old, male or female) are still good cattlemen. From our stud's point of view, we are so blessed to have so many of these good cattlemen from our area who, with their families, support us year after year. Thank you one and all.

Using any sort of feedback (good or bad) drives consistency and improvements in all parts of life, so we certainly embrace objective feedback and

data on carcase and breeding qualities. We use this feedback to continue to strive to breed better and better functional bulls for your needs. Feedback and evaluation comes from:

1. Data from EBV's for traits we are looking for within our stud(s) with an industry focus.
2. Real time scanned data for sires we buy, and also for our own sale bulls (scanned data will be available by sale time).
3. Feedback from entering feedlot trials, together with MSA feedback from our processors.
4. Fertility from years of controlled mating intervals.
5. Structure review for correctness for longevity.
6. Strength of breeding from sires and dams.
7. Sensible calving.
8. Quiet temperament.

Using all this information, we then breed for Central and Western Queensland environment(s) and conditions with producer needs at the forefront.

We look forward to seeing you at our Annual Sale. Please stay for complimentary lunch in the renowned Ag-Grow Woolshed. If you are unable to attend, we will be operating under AuctionsPlus again this year. Please also feel free to ring us to arrange on property inspections prior to the sale or to have a yarn about the genetics we have been using.

Jeff and Raelea, Ryan and Rachel Holzwart

Sale Information

Inspection:

Inspection of the bulls is most welcome prior to the sale by arrangement and at the Ag-Grow Bull Selling Complex, Emerald Qld, from 2pm the day before the sale.

AuctionsPlus:

Our sale will be interfaced with AuctionsPlus again this year - www.auctionsplus.com.au.

Refreshments & Lunch:

We would like to take time to enjoy the sale and spend time with clients and friends, so please join us for complimentary morning tea prior to the sale and a free post-sale lunch, maybe even a beer or two.

Supplementary Sheet:

A Supplementary Sheet with the following information will be posted online prior to the sale and available on sale day:

- Sale weight
- Eye muscle area (EMA), rump fat, rib fat and intra muscular fat (IMF). (All bulls will be scanned prior to the sale by certified scanning technician David Reid)
- Scrotal size measurements
- Semen motility
- Morphology tested

Health and Vaccinations:

Sale bulls are vaccinated with:

- 3 day
- 7-in-1
- 3 germ blood
- Vibrio

The bulls will be Dectomax injected ready for tick clearance.

Sale Day Safety:

Your safety is important to us. Our cattle are quiet however animal behaviour can be unpredictable at times. Noise and large crowds of people can make animals react differently so please be mindful of the bull if you enter their yards. Children should be supervised at all times.

Guarantee:

We back our bulls 100% and are extremely tough on evaluations and making sure the bulls are structurally sound and fertile. All bulls will be semen tested, breeding soundness evaluated and are guaranteed breeders. If a problem occurs against the breeding ability of a bull within the first full breeding year of purchase, a replacement animal of comparable value or bull credit for the following sale will be given if required. Please contact us if you have any issues.

Outside Agents Rebate:

The following rebates are available to registered outside agents for genuine introductions:

- A 4% rebate is available for agents who introduce potential purchasers in writing 24 hours prior to the sale, attend the sale with or buy on behalf of their clients, and settle on behalf of their clients within 7 days.
- A 2% rebate is available for agents who introduce potential purchasers in writing 24 hours prior to the sale, and settle on behalf of their clients within 7 days.

(These clauses will be strictly enforced by the sale vendors).

Delivery:

Free freight available to most local areas, including Alpha, Rolleston, Springsure and Clermont. Bulls can be cleared at Emerald Saleyards if required. Please talk to the agents, Jeff or Ryan for delivery assistance or leave instructions at the registration desk at the sale.

Biosecurity:

Bauhinia Park Studs are currently operating under a J-BAS 6 score. We are aware of the industry requirements and have a plan in place. We are willing to meet the needs of purchasers. A health declaration will be provided with the usual NVD on sale day.

Breedplan:

Our studs are Breedplan recorded, and Estimated Breeding Values (EBVs) are printed in the catalogue.

Attention Buyer:

Every care has been taken during the compilation of this catalogue to ensure that the information is correct. However, no responsibility will be accepted for errors that may have occurred.

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Charolais Society of Australia, Angus Australia and the vendors will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

Charolais Bulls

Lots 1-46

Lot 3 - Bauhinia Park Victory (P)

We are very pleased to present such an even draft of industry relevant Charolais bulls for 2026. The quality and consistency throughout the catalogue are testament to our commitment of Charolais breeding for the past 25 years, and we are very happy with how the Charolais herd has progressed over this time.

Our philosophy remains simple - breed high performance cattle with the right fundamentals. We place a huge emphasis on fertility & constitution within our cow herd to ensure these traits are passed down the line through to commercial producers that buy our bulls. Weight for age, natural muscling, good temperament, and ability to finish are also key traits we aim to breed in our bulls. We work hard to source the best possible genetics to add to our operation that suit the needs for our area and the objectives outlined above. We believe the Charolais' place in a herd is to add muscle, weight, and yield, without sacrificing desirable carcass traits.

We have received some great feedback throughout the year regarding the progeny of our bulls. Whether it's topping local weaner and feeder sales or high yielding grass-fed results on the hook, we love to hear stories of how the bulls are performing for commercial producers across the state. We were also very proud to win the Grand Champion carcass at the QLD region Charolais Carcass competition with one of our home-bred commercial steers from a pool of over 400 head. This was reassuring to know that our cattle are at the very forefront of the industry, performing well both in the paddock and on the hook.

The bulls on offer this year are true commercially focussed beef bulls with the great shape and the constitution we strive to produce. They are sensibly developed, fit, healthy, and ready to work, and we are extremely confident they will perform well for their new homes. The sires represented this year include quality proven genetics from 4 Ways Mario (P) and Bauhinia Park Revolver (P), along with some exciting 'new generation' sires in ANC Salute, ANC Spalding, Venturon Start the Party and Bauhinia Park Sensation. These 'new generation' sires have all been carefully selected to bring fresh outcross genetics & performance data into our program, whilst continuing to breed the 'Bauhinia Park' type with the same muscle pattern, constitution, and cross breeding power our cattle have become renowned for.

As always, we can't wait to catch you sale day, and in the meantime, please don't hesitate to reach out to discuss your bull selection needs. Inspections of the sale team are welcome any time prior to the sale via appointment or jump online to view photos and videos of the bulls.

Hope to see you August 26th.

Ryan & Rachel Holzwart

BAUHINIA PARK REVOLVER (P)

NWMSU Doc Silver 362 (P)
Sire: Paringa Harvey H338 (P)
 Paringa Bluegrass D140

Ascot Gunn G144E (P)
Dam: River Run Nestle (P)
 River Run Jaffa (P)

We purchased Revolver's dam as a heifer from the River Run Stud after taking a liking to her back in 2020. She then went on to breed Revolver and several beautiful calves since. Revolver has been an awesome inclusion to our stud. He is our go-to heifer bull and has proved himself to be a calving ease specialist. The combination of low birth weight, sheer performance and carcass attributes Revolver puts into his progeny make him truly unique for a Charolais sire. This is reinforced by his tremendous breed plan numbers being in the Top 4% of the breed for 200, 400 and 600 Day weights and top 1% of the breed for IMF! His first sons were very well received last year and there are some rippers again in this year's sale.

	June 2026 Australasian Charolais Single-Step BREEDPLAN

4 WAYS MARIO (P) (R/F)

TR Red Smoke (P) (R/F)
Sire: Moongool Jag (P) (R/F)
 Moongool Rose

4 Ways Adoo
Dam: 4 Ways Annette D72E
 Mount William Annette

We can't say enough about the positive impact Mario has had on the stud. He passes on his same eye-catching phenotype, soft muscle pattern and overall balance onto his progeny. The Mario daughters are proving to be excellent breeders - they have beautiful udders and plenty of milk producing good heavy weaners. His sons are good, honest, soundly made bulls with that extra touch of class.

Sadly, this is the last year of natural sons to be offered. To continue Mario's legacy, we have retained an awesome son in Bauhinia Park Tribute.

ANC SALUTE S709F (P)

ANC Jetset (P)
Sire: ANC Maras (P)
 ANC Rocheforts Moniqu

Ayr Unico's Delton (P)
Dam: ANC P478F
 ANC Emerald's Ireene

Salute was purchased privately from the ANC stud. We were taken by his overall style and fullness of body. He carries a great head and outlook with plenty of natural muscle expression and cover. Salute has done a wonderful job for us breeding progeny with plenty of carcase shape, great skin type, and nice temperaments. Don't read too much into the milk figures here - Salute's first daughters are just starting to calve now showing tidy udders with plenty of milk, we are confident the figures will improve over time. Salute sons are absolutely made for cross breeding and come very highly recommended.

	June 2026 Australasian Charolais Single-Step BREEDPLAN

ANC SPALDING (P)

Jolimome (P)
Sire: GDA Perillup (P)
 GDA Daphnee

ANC Huddle (P)
Dam: ANC Huddle's Irena (P)
 ANC Dom's Ireene

Spalding was purchased from the ANC sale in 2023 for \$30,000. He is a very well-rounded bull with a slick skin type and good temperament. Spalding displays a good amount of bone and muscle yet retains plenty of softness and calving ease.

Spalding's first sons in this sale are looking the part. They are easy doing thick set types that will cross beautifully over Bos Indicus based females.

Reference Sires

BAUHINIA PARK SENSATION (PP)

Moongool Pilgrim (P) -
Sire of Bauhinia Park Sensation (PP).

ANC Kind (P)
Sire: Moongool Pilgrim (P)
Moongool Delvein (P)

Bauhinia Park G144E
Dam: Bauhinia Park Queue 12 (P)
Bauhinia Park Queue 9

Sensation was a standout calf we chose to retain in place of his sire Moongool Pilgrim. He is out of one of our favourite donor cows who stems back to our best old foundation sires in Dozer and W31 which we place so much faith in. Sensation has matured into a big robust bull that covers his cows with ease always achieving high pregnancy rates. Sensation passes on some extra bone, beef and balance to his progeny. If you're after natural grunt, softness and weight for age have a good look at the Sensation sons.

	June 2026 Australasian Charolais Single-Step BREEDPLAN

VENTURON START THE PARTY (PP)

Venturon Crusty Demon (P)
Sire: Venturon Hamish (P)
Venturon Eliza (P)

Venturon Keystone (P)
Dam: Venturon Miss Dimity M16 (P)
Venturon Dimity (SS) (P)

Start the Party was purchased from the Venturon stud in WA and went on to win Grand Champion Charolais bull at the Sydney royal in 2023. Start The Party is homozygous polled with a heap of softness and easy finishing ability. He is long bodied, very mobile and has adapted to CQ conditions nicely. Backed by a brilliant set of performance EBV's.

Future Sires - The Next Generation

BAUHINIA PARK TRIBUTE (R) (R/F)

Moongool Jag (P) (R/F)
Sire: 4 Ways Mario (P) (R/F)
 4 Ways Annette D72E

ANC Lastovski
Dam: Bauhinia Park Crystal 10
 Bauhinia Park Crystal 5

Tribute was retained as our pick bull of the 'T' drop. He is full of carcase merit and displays an awesome natural muscle pattern, depth, and softness. A very sound and free moving bull, handling himself with ease whilst out working with the cows. Tribute's sire Mario has done wonderful job for our stud leaving a legacy of daughters who are hard working cows with great udders. Tribute is being used heavily in the stud and his first sons will feature in next year's bull sale!

	June 2026 Australasian Charolais Single-Step BREEDPLAN

VENTURON TALLADEGA (PP) (R/F)

Venturon Crusty Demon (P)
Sire: Venturon Hamish (P)
 Venturon Eliza (P)

Venturon Keystone (P)
Dam: Venturon Miss Dimity M16 (P)
 Venturon Dimity (SS) (P)

Talladega was purchased privately from the Venturon stud WA for \$50,000. He is an all-round awesome beef bull that is very long bodied with so much fleshing and great sire's presence. Talladega has grown into a big strong bull that is easy to admire every time you drive past. By Landmark and out of the highly regarded Clara D211 cow. Homozygous polled & red factor with carcase to burn. Calves just starting to hit the ground now - a definite sire to watch out for in the coming years.

Lot 7

BAUHINIA PARK VIP (P)

ID: BAU 24V82D

DOB: 24/08/2024 Colour: White DNA: BPAC, MYOF

Sire: MOONGOOL PILGRIM (P)
BAUHINIA PARK SENSATION (PP)
 BAUHINIA PARK QUEVE 12 (P)

Dam: MINNIE-VALE MONARCH (P)
BAUHINIA PARK Q52C
 BAUHINIA PARK M58

Comments: This is a beautiful polled bull with a heap of bone, power and volume. I distinctly remember walking this bull in alongside his mother at weaning, he was an absolute thumper with so much thickness and softness! Just take a look at the breedplan numbers here; moderate birth, explosive growth and plenty of milk.

Purchaser: Price: \$.....

Lot 8

BAUHINIA PARK V DUBB (P)

ID: BAU 24V112E

DOB: 1/09/2024 Colour: White DNA: BPAC, MYOF

Sire: MOONGOOL PILGRIM (P)
BAUHINIA PARK SENSATION (PP)
 BAUHINIA PARK QUEVE 12 (P)

Dam: FERNVALE GOLD RUSH
FERNVALE JAN CAN P13E
 FERNVALE JAN CAN (P)

Comments: V Dubb is another striking Sensation son who has stood out from an early age. Shows tremendous bone and muscle expression with a big strong topline and sire's outlook. A really nice mix of breeding here that combines some of the very best from Bauhinia Park, Fernvale and Moongool. This is a bull that would provide so much punch and vigour to any cross breeding operation.

Lot 9**BAUHINIA PARK VITAMIN (AI) (ET) (PP)****ID:** BAU 24V85E**DOB:** 22/08/2024 **Colour:** White **DNA:** BPAC, MYOF

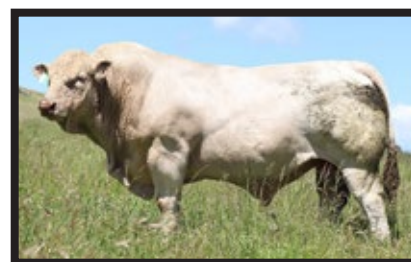

Sire: RANGAN PARK BLUEGRASS D55 (P)
PALGROVE NEXT GEN N1258E (P)
 RONDELAY HESTIA H388 (P)

Dam: MOONGOOL PILGRIM (P)
BAUHINIA PARK RHONDA 13 S28E (P)
 BAUHINIA PARK RHONDA 8

Comments: Here's a homozygous polled bull with some extra scale and horse power. Lot 9 & 10 are full IVF brothers with plenty to offer. Their dam S28E was always a standout amongst her peers bred from one of our favourite old cow lines so we chose to IVF her to Palgrove Next Gen, a quality proven sire that has bred the house down for Palgrove. If your chasing a little extra bone, performance and weight for age have a good look here.

Pictured right: Palgrove Next Gen N1258E (P) - Sire of Lots 9 & 10.

Lot 11

BAUHINIA PARK VAMPIRE V91E (P)

ID: BAU 24V91E

DOB: 4/09/2024

Colour: White

DNA: BPAF, MYOF

Sire: ANC MARAS (P)
ANC SALUTE S709F (P)
 ANC P478F (P)

Dam: CHARNELLE NOAH (P)
BAUHINIA PARK KATRINA (P)
 CHARNELLE KATRINA 5 (P)

Comments: A strong bodied, super robust polled Salute son from an outcross cow family. His dam goes back to Elder's Blackjack an overseas sire who has seen great success here in Australia. Displays a very well-rounded body of beef with a big hindquarter, strong topline, and excellent fertility traits.

	June 2026 Australasian Charolais Single-Step BREEDPLAN

Lot 12

BAUHINIA PARK VALANTINO

ID: BAU 24V13E

DOB: 10/08/2024

Colour: White

DNA: BPAF, MYOF

Sire: PARINGA HARVEY H338 (P)
BAUHINIA PARK REVOLVER (P)
 RIVER RUN NESTLE (P)

Dam: ANC LASTOVSKI
BAUHINIA PARK LEAH 19
 BAUHINIA PARK LEAH 8

Comments: Beautiful big, long bodied horned bull I think a lot of. He gets along well and is very easy to admire for his overall presence, natural thickness and muscle expression. Displays a nice slick skin type with a strong head and big ears. I see a lot of Lastovski in his bull. He was the first calf out of a 2yo heifer that has developed into a beautiful strong cow. Backed by brilliant performance EBV's.

Pictured right: ANC Lastovski - Grandsire of Lots 1, 12, 25, 36 and 42.

Lot 13**BAUHINIA PARK VERIFIED (P)****ID: BAU 24V46E****DOB:** 12/08/2024 **Colour:** White **DNA:** BPAC, MYOF

Sire: ANC MARAS (P)
ANC SALUTE S709F (P)
 ANC P478F (P)

Dam: BAUHINIA PARK JUNIOR
BAUHINIA PARK ELINA 5
 BAUHINIA PARK ELINA 3

Comments: Possibly one of the strongest polled bulls in the draft and definitely a household favourite. Displays a beautiful head with big ears, plenty of bone and so much natural muscle expression with great weight for age. Backed by an awesome pedigree that combines two of all our time favourite old sires in Dozer and W31 back on the dam's side. Throw Salute into the mix and it's very hard to see how you could go wrong here.

	June 2026 Australasian Charolais Single-Step BREEDPLAN

Sire: ANC MARAS (P)
ANC SALUTE S709F (P)
 ANC P478F (P)

Dam: ASCOT ELDORADO L504 (P)
BAUHINIA PARK PEPPER (P)
 BAUHINIA PARK H44B

Comments: Thumping homozygous polled Salute son with a heap of performance and weight for age. He is beautiful and quiet with a strong head and slick coat. Out of a very productive, high milking Eldorado daughter who is extremely fertile always being one of the first to calve. A sure bet to add kilo's to any operation - just take a look at his 200, 400 & 600 day weight figures.

DOB: 2/08/2024

Colour: White

DNA: BPAF, MYOF

MOONGOOL JAG (P)

Sire: **4 WAYS MARIO (P)**

4 WAYS ANNETTE D72E

BAUHINIA PARK DOZER

Dam: **BAUHINIA PARK CRYSTAL 6**

BAUHINIA PARK CRYSTAL

Comments: This is a really top quality Mario son with a wonderful amount of bone and style. Great structure and natural balance that is typical of the Mario progeny with a little extra weight for age and carcass from the cow's side. His dam is a beautiful big cow with a perfect udder and plenty of milk. Carries himself well and would handle the big country with ease. I really admire this young bull.

RIVER RUN NESTLE (P)

ASCOT RECHARGE R125E (P)

Dam: **BAUHINIA PARK GLENE 2 (P)**

MILFORD GLENE P45E (P)

Comments: If you're into breedplan data have a good look here. This is a nice style of bull that falls onto the right side of the chart for almost every trait. Easy doing with plenty of growth and good slick coat type. A heifer's first calf that has matured into an impressive young sire. Has a lovely temperament and is quite a character always being the first one to come over for a chat when we're out and about in the buggy.

Angus Bulls

Lots 47-88

Future Stud Sire - Bauhinia Park Verified

Welcome to the Angus section of our sale.

Angus cattle are sure hitting their mark in the Queensland livestock industry. When we set out sixteen or so years ago with a goal in mind of developing an Angus stud specifically with Central Queensland cattleman needs in mind, we probably didn't quite expect the impact Angus would be now having.

With this said, we have the same objective to breed bulls for the market which also suit our environment. We are proud to present this year's draft of bulls. Bred from multiple generations of cows that have proven they belong here, these cows provide us with a base from which sons and daughters have the predictability required to meet industry objectives, with the added certainty of their bull progenies adaption to our region.

Without doubt and as quoted so many times, depth of breeding is so important in maintaining a cow herd that will breed consistent, value adding bulls for you, the commercial breeders that fuel our industry. Of course it's not easy, and while being unrelenting for the need for adaption to our CQ environment, we also must be able to produce bulls that put progeny on the ground that meet the current beef industry carcase requirements. We love this challenge, and take it very seriously so we can provide you with bulls that will help you produce calves that fulfill market specifications from weaners, backgrounders, and to bullocks if required.

For the bulls presented at this our 2026 sale, we believe they meet all our objectives for our Angus' stud point of view. They are even throughout, structurally correct, nicely balanced for carcase and performance, plenty of weight for age, clean coated and ready to go out and work.

We look forward to catching up with everyone at the sale. As was said in the opening, should you not be able to attend then you will be able to follow us, view the sale, and bid if required on AuctionsPlus.

Jeff & Raelea Holzwart

BAUHINIA PARK SOLUTION S67

Sire: Glenmorgan Thunderbird Man H248^{SV} 'Gus'
Bauhinia Park M38^{SV}
Bauhinia Park J93[#]

Dam: Dulverton Uptake U091^{SV}
Bauhinia Park Miss Uptake J11[#]
Bauhinia Park A4[#]

S67 was retained as the best son of M38 we had bred. S67's real time data at 23 months, plus his length, coat and wonderful disposition were notable from a calf. His whole package was way above his contemporary group in an otherwise really good crop of S bulls, which made it an easy decision to retain. The consistency, weight, clean coats, disposition and obvious meat capacity of his sons will be evident in this sale.

M38 - Sire of S67.

Reference Sires

GILMANDYKE NEWS FLASH Q101

HPCA Proceed^{PV}
Sire: Ben Nevis Newsflash N239^{PV}
 Ben Nevis Jean H215^{SV}

Gilmandyke Fingal F223^{SV}
Dam: Gilmandyke Eutesca H241^{SV}
 Gilmandyke Esca F244^{SV}

We bought Q101 as a bull with length, carcass data and athleticism to cover cows easily. His third crop of calves sell this year.

His half-brother Ben Nevis Rambo, also by his Newsflash sire, has also been kicking goals in the Angus industry as well, which speaks volumes for Q101's pedigree.

Q101's Sire - Ben Nevis Newsflash N239.

Future Sires - The Next Generation

Gandy Paratrooper T53

Millah Murrah Paratrooper Son - First calves are on the ground now for us and look very consistent. Moderate birth with really good growth in their first few weeks on the ground.

Gandy Man In Black U148

Man In Black Son - 20 months old in the above photo.
He has done a full season work and held up beautifully for us. First calves look very promising.

Sire: **BALDRIDGE SR GOALKEEPER^{PV}**
BALDRIDGE ISABEL E030#

Dam: **GLENMORGAN REALITY LADY N258#**
GLENMORGAN BERKLEY LADY K461#

Comments: Top quality young bull to start the Angus draft for 2026. Displays a lot of shape and natural constitution. He is moderate, thick set and carries a great head set with some serious outlook. Out of a top producing Reality daughter by Baldrige Goalkeeper, a sire that has earned a great reputation and has been heavily used in Angus programs worldwide over the past few years. Figures show lower birthweight & maternal strength with a big EMA & positive fats. Pedigree suggests suitable for use on heifers.

Dam: **GLENMORGAN BOURBON LADY P315^{SV}**
GLENMORGAN RESOURCE LADY K517#

Comments: Here's another top class Goalkeeper son that has a lovely temperament and slick skin type. Always heavy due to his extra length and bold carcase attributes. Dam goes back to SAV Resource, a bull that is well known for his sheer muscle pattern and great maternal traits. Solid set of breedplan numbers showing lower birthweight, big EMA, positive fats & plenty of milk. Pedigree suggests suitable for use on heifers.

 BAUHINIA PARK LOYOLA M76[#]
 BAUHINIA D310[#]

Comments: The quality and consistency of these S67 sons becomes very evident throughout the catalogue. Strong boned young sire that would cross well over Bos Indicus based females.

*Thank you to Kent Ward
at KB Consulting
for your input.*

17-18 Month Old Angus Bulls

Lots 83-88

As we did in 2024, we have selected 6 special younger Angus Bulls for the back end of our catalogue. These young bulls are 17-18 months of age, very well developed and we believe could potentially be some of the better bulls in the entire Angus draft.

They weren't registered as calves so won't have breedplan data, however their shape, quality of meat and soundness will speak for themselves. They would be a great option to join with heifers or cows later in the year!

(Pictured above: Lot 88)

Lot 83

BAUHINIA PARK W005

ID: W005

Age: 18 months
Genetic Status: N/A

Herd Bull

Sire: REGISTERED ANGUS MULTI SIRE

Dam: FULL ANGUS COW

Comments: First of an outstanding run of young herd bulls. Just take a look at the extra style, growth for age and performance here. Suitable for use on heifers.

Purchaser: Price: \$.....
